vanessannserrano@gmail.com | [linkedin/vanessa-n-serrano](https://www.linkedin.com/in/vanessa-n-serrano) | vanessannserrano.github.io/

UX Designer and Front-End Developer with experience in user-centered design, wireframing, and prototyping. Skilled in Figma, responsive UI frameworks, and Agile collaboration. Strong background in usability testing, accessibility, and full-stack development, with internship experience delivering production-ready tools.

EDUCATION

University of Florida

December 2025

Bachelor of Science in Computer Science, Minor in Digital Arts and Sciences

Gainesville, FL

- **AI Fundamentals Certification**
- **Relevant Coursework:** UX Design, Human Computer Interaction, AI Fundamentals, Digital Visualization & Culture, Digital Storytelling, Digital Portfolio
- **Clubs:** Gator User Design, WICSE, SEC

EXPERIENCE

UX / Front End Developer Intern

August 2025 - Present

Cinema Verde

Gainesville, FL

- Redesigning **Webflow** site using user-centered design principles to improve navigation and accessibility.
- Developing a **Squarespace** site with responsive, mobile-first layouts to modernize online presence.
- Maintaining **Roku** channel by publishing multimedia content and optimizing user experience.

Software Engineer Intern

May 2025 - July 2025

Publix Super Markets

Lakeland, FL

- Designed and developed the Vendor Label Validation Tool, a GS1 DataMatrix barcode validation system.
- Improved efficiency by reducing validation time from **15 minutes to 15 seconds**.
- Built with **Xamarin.Forms (C#, SQL, XAML)**, integrated APIs, and deployed in **Agile/DevOps** workflows.

Resident Assistant

August 2022 - May 2024

University of Florida

Gainesville, FL

- Fostered an inclusive community for **100+ residents** from diverse backgrounds.
- Organized events, managed budgets, and designed promotional materials.
- Resolved concerns through **mediation and crisis management** while on-call.

PROJECTS

ARC - Action, Resources, Care

2025

- Conducted **user interviews with 40+ first responders** to learn barriers in accessing mental-health resources.
- Designed **low and high-fidelity prototypes in Figma** emphasizing confidentiality, accessibility, and safety.
- Built a mobile app prototype in React Native to streamline post-call check-ins and connect to resources.

Eclipse Nova

2025

- Designed a **high-fidelity Figma website prototype** for a handheld gaming console brand.
- Showcased 3D rendered product visuals with interactive navigation and feature highlights.
- Created user flows to guide visitors quickly from product exploration to purchase or detailed specifications.

UF Events

2024

- Conducted **user research** and **interviews** with UF students to identify engagement challenges.
- Designed low-fidelity **wireframes** and translated them into a high-fidelity interactive prototype in **Figma**.
- Built an event-discovery solution to improve accessibility and participation in campus activities.

SKILLS

- **Design & UX Tools:** Figma, Prototyping, Wireframing, Adobe Illustrator, Adobe Photoshop, Design Systems
- **Languages:** HTML, CSS, JavaScript (ES6+), Python, Java, C++, C#, SQL, XAML
